WARRINGTON TOWN - MATCH PREVIEW

A very warm welcome to everyone to The Swansway Stadium this afternoon, including the supporters, players, management and Directors of our visitors, Warrington Town.

Nantwich Town's first game of 2023 is a big one, as we welcome Warrington Town to the Swansway Stadium (3pm kick-off), our first home match since 15th November.

Waiting on a Warr

Warrington Town have 1 win from their last 6 matches in all competitions, however that was a thrilling 3-2 win over league leaders South Shields at the end of November. Their 2 matches since then have been draws with Stalybridge and Marine.

A quirk of fixtures and postponements has meant that their last 5 matches have all been at home, this will be their first game away from Cantilever Park since a 2-1 defeat at Whitby on 8 November. Conversely, it's the Dabbers' first home game in 4.

Their clean sheet in the 0-0 with Marine was their first in 9 games, and the slight dip in form means one of the pre-season favourites to get promoted are currently 9th but just 2 points off the play-offs and a not insurmountable 8 points off Shields at the top.

Last Time Out

It was all about Isaac Buckley-Ricketts at the end of August, his double either side of Dan Cockerline's first goal of the season helping Wire to a 2-1 win.

Players to Watch

Stefan Mols is Warrington's top scorer on 5, and is their penalty taker. They were hit by the departure of striker Connor Woods after he was recalled from his loan by parent club Southport and have only scored once in their 2 games since. But with Buckley-Ricketts, Jordan Buckley and Bohan Dixon still in their squad, they will back themselves to get firing again.

STAFFORD RANGERS – MATCH REPORT

Nantwich Town suffered a disappointing Boxing Day defeat to Stafford Rangers, going down 3-0 at Marston Road, being 'out-thought, out-run and out-battled' according to manager Ritchie Sutton.

Kaiman Anderson cheekily flicked the ball wide from an Alex Kiwomya pull back, it would have been an impudent way to open the scoring for the hosts who had started brightly.

Tom Booth was called into action shortly after, making a great sprawling save from Joe Willis' drive from distance that was definitely goalbound.

The Dabbers hadn't got going, and were rightly behind on 16 minutes. A free kick curled in from the left was headed in easily by James O'Neill, too easily as he was unmarked at a very close distance to the goal, some breakdown in communication and organisation costing the defence dear.

Tom Scully's snapshot hit an unsighted Cameron Belford in the Stafford goal a couple of minutes later, he didn't know much about it but it was about the most action he saw in the entire match.

Former Dabber Callum Saunders almost doubled the lead with a near post effort that was superbly tipped over by Booth, were it not for him the game would have been dead inside 20 minutes.

Dan Cockerline and Byron Harrison had half-chances that didn't trouble the Stafford goal, and Nantwich could count themselves lucky to only be 1 down at half time.

A double injury blow came either side of half time, Curtis Morrison forced off with a hamstring issue and Matt Bell with a foot injury that he couldn't shake off despite trying to start the second half.

To literally add insult to injuries, Stafford did get their second goal just 6 minutes into the second half, a heavily deflected shot fell right into the path of an unmarked Anderson who had the simplest of tasks to finish from close range.

Cockerline almost halved the deficit on the hour mark, catching Belford off his line and poking over him but seeing the ball cannon off the post.

To well and truly show it wasn't the Dabbers' day, Stafford made it 3 just after this. Booth, who'd been peerless in this game and throughout his loan spell, had a moment to forget when he mishit a pass out straight to Anderson who again could finish easily to send most of the excellent 1,200 strong crowd into rapture.

STAFFORD RANGERS – MATCH REPORT

The most concerning of Nantwich's injuries came 15 minutes from the end, Cockerline fell awkwardly and was forced off holding his arm in an uncomfortable position, raising great concerns again about the shoulder that has been an issue for him in the past. By that point, Ritchie Sutton had used all 3 subs so the Dabbers had to see out the rest of the match with 10 players.

Perry Bircumshaw hit the side netting but also finished the match in pain, to top off an unexpected and unwelcome showing after what had been a wonderful run of form.

Stafford Rangers: Cameron Belford, Andy Burns, Akeem Hinds, Jack Baxter, Luis Morrison, James O'Neill, Alex Kiwomya (Joe Kenton, 79), Tom Tonks, Kaiman Anderson (Jaiden White, 79), Callum Saunders (Ethan Stewart, 90), Joe Willis

Subs not used: Joe Dunne, Alex-Ray Harvey

Goals: O'Neill (17), Anderson (52, 61)

Nantwich Town: Tom Booth, Harry Nevin, Perry Bircumshaw, Troy Bourne, Jon Moran, Curtis Morrison (Mwiya Malumo, 38), James Caton, Matt Bell (Caspar Hughes, 47), Dan Cockerline, Tom Scully, Byron Harrison (Levi Chiduku, 62)

Subs not used: Jack Sherratt, Sean Lawton

Attendance: 1,222

WARRINGTON TOWN - HISTORY

Formed in 1949 under the eye of their late president, Jimmy Drinkwater the club began life as Stockton Heath playing at a ground called London Road in Appleton. We competed in the Warrington and District league until 1953, when a move to the Mid Cheshire League coincided with the appointment of Freddie Worrall as manager. During his thirteen years at the helm, Heath were one of the most feared sides in Cheshire football, winning a string of honours including the Mid Cheshire League Championship in 1960, the League Cup three times, and making more appearances (five) in the Cheshire Amateur Cup Final than any other club.

At the 1961 AGM, it was decided to change the clubs name to Warrington Town, and in 1965, the club moved to their present home in Latchford. A neat, compact stadium with a capacity of around 3,500 the ground is on the banks of the Manchester Ship canal in the shadow of the imposing Cantilever Bridge which dominates the areas skyline, and from which the ground now takes its name.

The late sixties and early seventies were mostly spent in the doldrums, and the club continued without success until the formation of the North West Counties League in 1982 proved to be a springboard to start to move up the pyramid. Originally placed in the third division of the new league, Town immediately gained promotion as runners up, and quickly established themselves as one of the second divisions most powerful clubs, missing out on promotion by small margins on no fewer than three occasions.

1985-86 saw Town's first serious attempt at winning the F.A. Vase, but following a tremendous run, they bowed out to eventual winners Halesowen Town in an epic semi-final replay at Bucks Park, home of Telford United. Promotion to division one of the NWCL was achieved in 1986-87 and the club again excelled in the F.A Vase, making it all the way to Wembley sadly losing 3-2 to local rivals St Helens Town in the final.

Promotion to the Northern Premier League was gained in 1989-90. The club had consistency in the new division with three 7th place and a 5th place finish, but relatively little success until 1992-93 when a fantastic FA Trophy run ended in the quarter finals at Sutton United, earning them a cool £5.000 for being the furthest non-exempt team left in the competition. On the away to Sutton, Town had beaten Conference side Merthyr Tydfil, which earned them a team of the round prize. In the Cheshire Senior Cup, they were victorious at Macclesfield Town and Hyde United on way to a Semi Final Place, while in the League Cup, they went one further becoming the first ever Division One Side to reach the final, in front of a large crowd at Maine Road. Town matched Premier League runners up Winsford United all the way but Winsford took the trophy home following a penalty shoot out. To cap the clubs most successful season ever, Neil Whalley equaled the NPL transfer fee record when he moved to third division side Preston North End for £25,000 and just a few weeks later Liam Watson shattered the fee record, also moving to Deepdale for a staggering £60.000. Town were named "Team Talk Magazine" team of the year 1992-93.

A high number of injuries together with problems behind the scenes and a disappointing lack of goals in 1993-94 hindered the team, although we did reach the semi final of the Cheshire Senior Cup, beating conference side Witton Albion on the way, and were in with a chance of promotion until the last few weeks of the season. The 1994-95 season was another successful year for Town, who made it into the draw for the F.A. Cup First Round Proper for the first time ever, a last gasp equaliser at Hyde United forcing a replay.

WARRINGTON TOWN - HISTORY

The winners of the tie would entertain Darlington but sadly Town failed to make the first round proper, as Hyde won the replay 2-0. Town also took Chorley to a replay in the league cup, having beaten Barrow along the way, but once their interest in that competition was over the club were able to focus on their main aim of the season, namely promotion to the Premier Division. An amazing run saw them win eleven games of their last fifteen, but this was not quite good enough. Town finished in third place, missing out on promotion by just one point.

Major problems behind the scenes over the close season resulted in the management team and most of the players moving to Curzon Ashton, and a completely new-look Town side lined up to face Alfreton for the first game of the 1995-96 season. Town lost 5-1, but new boss Tommy Lawson turned things around, and by Christmas, Town were once more than a match for anybody, finishing in mid table. The close season 1996 saw yet another change of management as Tommy left for pastures new to be replaced by Alan Lord. Unfortunately, the partnership split just before Christmas and Simon Rudge came back and brought Ray Birch as his assistant. The change came too late to save Town from relegation, but the run did show some promise.

Financial problems both on and off the pitch beset Town in 1996-97 and a new committee was formed under Chairman Harry Boden & Steve Jones. Relegation to the NWCFL Div 1 was followed by demotion on ground grading criteria to Division 2 and a rationalisation of the club's finances coupled with the appointment of Dave Hughes as Football Manager & Ian Dick as his secretary saw Town's image improve dramatically. Sadly, though Ian had to return to Scotland for personal reasons, and Dave stepped down to assistant manager, with Alan Blair becoming manager.

The 99/00 season saw Town win the Second Division Trophy beating Tetley Walker 2-0 at Prescott Cables. In 2000/01 Warrington won the Second Division title to return to Division One of the North West Counties League. Town finished 16th in their second season back in Div 1 and Alan Blair stepped down, Glenn Walker & Derek Brownbill took over to see Town finish 5th in the league and gain promotion back into the UniBond Division One after the league restructuring process had taken place (Conference North was created).

For the first five seasons in the UniBond (Northern Premier) League Town found life fairly difficult finishing each season in the bottom half of the table, which included a couple of close scrapes avoiding relegation. The period was not entirely without success though as we won the NPL Fair Play Award, numerous programme awards, youth team championships and cup wins for the reserves. We also had a four-figure home attendance against Liverpool in the Senior Cup and reached the third qualifying round of the FA Cup. A number of managers came and went in this time, namely Glenn Walker in sole control, Ian Street and Paul Moore. When the North South split came for Division One Town spent one season in the south in 2007/2008 before moving to the north. In season 2008/09 ex Town favourite Joey Dunn took over as team manager and gradually things started to improve.

2009/10 saw Town record their highest finish in the NPL since the mid 1990's when ninth place was secured. Off the field the club continued to prosper under the leadership of a new board of directors headed by Gary Skentelbery and optimism was higher than for many years that better football times were not too far away as we sought further improve. The club had a positive air about it in all departments and optimism was high. 2010/11 showed that hope to have definite grounding as we spent most of the season on the fringe of a play-off position.

WARRINGTON TOWN - HISTORY

However, a disappointing last few games saw us drop away and even lose sixth place which had been occupied for the last three months of the season, apart from the final game, finally finishing ninth once more. In the close season superb new 3G five a side facilities were added in the open end behind the goal and the main pitch itself also had a make over as we sought to end the days of the Cantilever bobble once and for all.

The 2011/12 season saw us threaten to take a play off position up until mid March when we slipped off the pace in a matter of one week. This resulted in the management team of Joey Dunn and Stuart Humphreys being replaced by Shaun Reid and former player Lee Smith. 2012/13 saw Shaun start to rebuild the squad and although success was hoped for it never really came to fruition and the season became a transitional one. A brief flirtation with a play off position did occur but with more games played than our rivals a mid table finish was the predictable outcome. 2013/14 saw a marked improvement in league form. Despite losing the two opening games Town then went on a long unbeaten run. A top five place was reached by the fourth Saturday of the season and from thereon was never relinquished. A good number of weeks were spent on top of the table, but we eventually finished third, claiming a record number of wins (27) and points (87). Sadly, promotion was not to be after a 1-0 play-off semi final defeat at home to Bamber Bridge meant we would start 2014/2015 still in Evo-Stik Division One North.

The 2014/15 season commenced with the adoption of a new club crest designed by Tom Greaves; it being chosen as a competition winner to replace the long-standing old town coat of arms motif. Further improvement is now the target with a promotion place the ultimate aim. The club made huge steps forward in publicity terms in 2014 reaching the FA Cup First Round Proper for the first time in our history. We were rewarded with a home draw against Football League club Exeter City that was shown live on BBC2 across the nation. We served up a cracker of a match and one that epitomised everything we love about the FA Cup as Town amazingly defeated our Football League opponents 1-0, thanks to a Craig Robinson header after just seven minutes. What an amazing evening. We went on to play Gateshead in Round Two in what was our ninth match in the competition all told, this time live on BT Sports, but sadly the adventure ended there as we lost 2-0. Gateshead went on to play away to West Bromwich Albion. It had been a fantastic adventure that will live long in the memory. The cup success did have an effect on our league campaign as games in hand could not be turned into sufficient points and we finished the season in ninth. However, the season was nicely rounded off with a Doodson Sports Cup Final win over Farsley at Stockport County's ground. Twenty years after our first final appearance in this competition also saw the game decided on penalties, but this time we won, the score being 3-2 after the game had ended 0-0 after ninety minutes. It was the club's first silverware in fifteen years and the highest-ranking tournament we have ever won.

Town started the 2015/16 slowly but it did not last long, and we led the table on a couple of occasions before returning there early in 2016 and opening a gap on our only challengers Northwich Victoria. However, on learning that his contract would not be renewed at the seasons end manager Shaun Reid decided to leave the club in February 2016.

Assistants Stuart Mellish and Lee Smith took charge following Shaun's departure. The good form was just as consistent, and Town opened up a substantial lead firstly on Northwich and latterly on Spennymoor Town. The lead would not be relinquished, and Town won the championship on 16th April with two games still to play following a 6-1 thrashing of Prescot Cables in front of 1411 spectators and which took us up to 100 league points, a club record.

WARRINGTON TOWN - HISTORY

The final two games were also won to see us finish on 106 points and score in every league game through the season. We also registered the most wins and goals scored in a season. It was without doubt the finest moment in the club's history to date.

Life in the Premier Division brought mixed fortunes and inconsistency led to the management duo of Stuart Mellish & Lee Smith leaving the club by mutual consent in mid-October. Paul Carden was appointed as manager at the end of October with former player Mark Beesley as coach and Craig Robinson as assistant manager. The side settled down well after new year and a very consistent run saw us climb into a play off place. We were in with a chance right up until the final couple of games but finished on a run of draws to end in tenth position.

2017/18 proved to a busy season for Town if ultimately without silverware. A consistent league campaign saw us occupy a play off place for all bar two Saturday's throughout the season. The runners-up position was ours from 17th February through to the final match when unfortunately, we were pipped by Ashton United on goal difference and ended in third place. Still our best ever finish. Sadly, we would lose our play-off semi-final at home to Grantham Town. The FA Trophy saw us play in ten matches all told, eventually being highly unlucky to exit in round three away to Wealdstone, having defeated National League Ebbsfleet United in the previous round.

2018/19 proved a memorable season for Town and although in any other season we would have gained promotion that reward was denied at the last. Having performed consistently all season, and the opening two weeks aside, occupying at least a play-off position all season, including topping the table on three different occasions we had to settle for third place in the end. Play-off wins at home to Nantwich Town (4-1) and at South Shields (2-1) set up a Super Play-off Final at home to Kings Lynn Town. We led 2-1 with five minutes to go but conceded a penalty which was converted. In extra time Kings Lyn got the winner again with five minutes remaining. The game attracted a season best attendance of 2200. Town also made the draw for the FA Cup First Round Proper again but unfortunately lost out in a 4Q replay at FC Halifax Town. Season 2019/20 saw Town compete at the top end of the table if not quite as consistently as the previous season. We sold star midfielder Ben Garrity to Football League club Blackpool FC where he signed a full-time contract, the first such occurrence since the mid 1990's Town could say that. We were well placed in third in mid-March 2020 when everything stopped due to Coronavirus. The season was deemed null and void with no promotion or relegation. 2020/2021 went the same way for the same reason with Town again in third place, but this time with just nine games played.

Town manager Paul Carden left the club for the manager's position at AFC Telford United in late November 2021, leaving the club in sixth position in the table. Paul was at the club for five seasons. It was the end of a largely successful chapter as Town's manager. Town appointed assistant manager Mark Beesley to the managers shortly after. It was a deserved reward and gave the club some continuity. Mark did a fine job and after hovering just either side of the play-off line, from mid-February on we never relinquished a play-off position at the end of each week. The final game of the season saw us lose at Matlock Town and so dropped from third to fifth. It resulted in an away play-off to old friends in this situation, South Shields. Town upset the form book winning there 6-5 on penalties after a 1-1 draw. The final saw us away to Scarborough Athletic and it an open but incredibly tense final Town once again lost out at the final hurdle, Scarborough winning 2-1. Matt Grivosti, a regular through the season signed professional terms with Bolton Wanderers following the season's finale.

The Daniel Wilkinson Foundation is a charity set up in memory of Daniel Wilkinson who died in 2016 aged 24, while playing the game he loved, from an underlying heart condition called Arrhythmogenic Right Ventricular Cardiomyopathy (ARVC).

Dan played football from an early age and joined Hull City AFC when he was 10, earning a professional contract aged 18. Loughborough University followed where he completed a degree in Accounting and Financial Management while playing non-league football. He was an athlete who enjoyed the gym and took his health and nutrition very seriously. He lived life to the full and had so much ahead of him.

Other than feeling light-headed on a few occasions in the month before he died, he had no symptoms!

SUDDEN CARDIAC DEATH IN THE YOUNG (SCD)

- SCD is the leading cause of death in young athletes during sport and the majority of deaths occur with NO SYMPTOMS or family history.
- ARVC can be found in one in every 1,000 to 5,000 young adults - IF IT IS LOOKED FOR.
- Warning signs may include light-headedness, fainting, palpitations, swollen legs, breathlessness.
- Every week in the UK, 12 apparently fit and healthy young people (aged 35 and under) die from previously undiagnosed heart conditions.
- In Italy, where screening is mandatory for all young people engaged in organised sport, they have reduced the incidence of young sudden cardiac death by 89%.

OUR MISSION

The Daniel Wilkinson Foundation has been set up to raise awareness of SCD and to provide funding towards heart screening, defibrillators and CPR/defibrillator training primarily for grass-roots sporting teams.

Tragedies can be prevented through cardiac screening. It is vital that young people are identified and treated.

TRANMERE ROVERS – CSC MATCH REPORT

Nantwich Town are through to the Third Round of the Cheshire Senior Cup after two Tom Booth saves in a dramatic penalty shoot-out knocked out Tranmere Rovers after a 1-1 draw at Prenton Park.

James Caton was making his Nantwich debut, and was first to a loose ball early on, squaring a cross to Dan Cockerline who glanced it wide of the far post.

Former Sweden youth international Joel Mumbongo was a lively presence up front for Tranmere, he nicked the ball off Troy Bourne and looked to pick out the corner with a shot that was well read and saved by Tom Booth.

On 26 minutes, a big chance presented itself to the Dabbers. A mix up at the back saw the ball drop to Cockerline with goalkeeper Mat Hewelt well off his line. Understandably, he tried the lob but overcooked it and it sailed over the bar. Dan had more time than perhaps he thought and could have taken it towards goal, but it was definitely worth a try.

To show the standard it takes at the level of Tranmere, just 4 minutes later the Dabbers were punished for that missed chance.

After a break in play for an off-the-ball collision between Bourne and Mumbongo that saw a bit of argy-bargy, Nantwich weren't switched on when play restarted. The ball was worked across to Arthur Lomax and he was able to fire crisply in low across Booth for 1-0.

Another Nantwich chance came almost immediately after. Good pressing from Cockerline forced Hewelt to rush his clearance and hit it off Dan and bounced just wide.

Caton could have marked his debut with a goal but scuffed a chance wide early in the second half.

Ritchie Sutton, on his return to a club he played more than 100 times for, could sense momentum was building. And it so nearly brought the equaliser, a Curtis Morrison shot sparked chaos in the six-yard box as Cockerline's rebound was cleared off the line and Tom Scully volleyed wide.

After Caton saw a goal rightly flagged for offside, a perfectly legal and brilliant leveller was to follow minutes later.

It was Caton again who was involved, breaking down the left and finding sub Mwiya Malumo to tuck home and deservedly bring Nantwich level against their League 2 opponents.

TRANMERE ROVERS – CSC MATCH REPORT

The first 2 penalties were converted by both sides, Cockerline and Caspar Hughes for the Dabbers.

A decisive moment was on the Dabbers' third, Harry Nevin stepping up but Hewelt seemed to read where he was putting it perfectly and made a comfortable save to give Tranmere the advantage.

The home side converted their next two to put them in pole position, with Caton netting for Nantwich.

So it fell to Kyle Jameson to win it for Tranmere. But Tom Booth was up to the size of the moment and made a great save to keep the Dabbers in it.

Sudden death it was, and Scully and Jack Sherratt both put theirs away with ease.

Finally, on Tranmere's sixth penalty, their goalscorer Jamie Lomax brought another flying save from Booth to complete a stunning shoot-out turnaround and send the Dabbers through to the Third Round on a brilliant night in Birkenhead.

Tranmere Rovers: Mat Hewelt, Harvey Edgar, Mikey Davies (Lewis Lyall, 67), Reece McAlear, Rhys Hughes (Jack Williams, 45), Kyle Jameson, Joel Mubongo, Dymel Simeu (Paddy Kennedy, 73), Jake Burton, Arthur Lomax, Sam Taylor
