LANCASTER CITY - MATCH PREVIEW

A very warm welcome to everyone to The Swansway Stadium this afternoon, including the supporters, players, management and Directors of our visitors, Lancaster City.

The Dabbers are in action at home again this Saturday (3pm kick-off) as we welcome Lancaster City to the Swansway Stadium.

Blankety Lanc

After failing to score in 3 out of 5 games, winning only once, Lancaster have won their last 3 on the bounce to take them up to 11th in the table, only conceding once in their last 4 matches. All 3 of those wins have been at home, however, and against lowly opposition in Whitby, Marske and Morpeth.

Over the course of the season, the Dolly Blues' away form has actually been worse than the Dabbers, not winning away from the Giant Axe since November.

Last Time Out

In what feels like forever ago, the Dabbers opened up the 22/23 season in Lancaster with a 1-1 draw last August, with Connor Heath getting what turned out to be his last goal for Nantwich.

Players to Watch

Lancaster's top scorer is Nic Evangelinos on 9 goals in all competitions, but only 4 of those have been in the league. He scored what turned out to be the winner in their 2-1 win over Morpeth last weekend.

Also worth looking out for is their Polish defender Pawel Zuk. Signed on loan from League Two Barrow in February, Lancaster have only lost once in his 6 appearances so far, and conceded just 2 goals in that time.

Roxburgh Signs

Nantwich Town are delighted to announce the permanent signing of Aidan Roxburgh following his release by Altrincham.

Initially signing on a loan deal in January, Aidy played twice for the Dabbers before picking up an injury in the 3-1 win over Belper.

Primarily a right back but capable of playing on the left too, he broke through at Trafford to earn his move to Alty and has also played for Ashton United.

HYDE UNITED – MATCH REPORT

New Dabbers manager Paul Carden said that his side deserved at least a point after they lost 1-0 at home to second place Hyde United.

Carden, who joined the club on Monday, has had two training sessions to prepare for this game and he has been pleased with what he said seen from his side during his tenure so far. "I couldn't have asked for anymore of them, both in training and today how they have applied themselves was first class"

Nantwich Town were looking to pick up their first win since the 4th February and they had the first effort of the game as Ivan Urvantev took aim from distance, but his effort was blocked by the Hyde United defence.

After this early chance, the game then turned very scrappy with the referee brandishing three yellow cards in the first 20 minutes of the game. The next effort came on the half hour mark as Tom Scully volleyed over the bar following good hold up play from Dan Cockerline.

With five minutes until the break, the game finally sparked into life. After showing good feet in the box, Ivan Urvantev was tripped and the referee showed no hesitation but to point to the penalty spot. Dabbers top scorer Dan Cockerline stepped up, but his penalty was saved by Dan Atherton who guessed right and touched it behind for a corner.

From the following corner, The Dabbers had the ball in the back of the net. However, it was immediately disallowed following an alleged foul on The Hyde goalkeeper Dan Atherton.

After a chaotic two minutes where the Dabbers had missed a penalty and had a goal disallowed, the referee bought the half to a close. Despite the scores being level, Paul Carden would have been delighted with what he saw from his side in the first 45 minutes.

After the break, the game once again took a while to get going. Ivan Urvantev fired over on the hour mark after being tee'd up by Cockerline.

The crucial moment of the game came in the 69th when Tom Scully conceded a free kick right on the edge of the box. Edy Maieco stepped up for the Tigers and excellently curled a freekick around the wall and into the top corner, leaving Tom Booth with no chance. It was a moment of brilliance from The Hyde winger who was a threat all game down the right side.

The Dabbers, who had created many half chances over the course of the game now had 20 minutes to get themselves back into it and earn themselves some valuable points. Carden made a few changes to try and add more attacking impetus to his sides' game.

HYDE UNITED – MATCH REPORT

Crewe Alex loanee Connor Evans came on and made an instant impact and almost levelled the scores after he cut inside from the right but dragged his effort agonisingly wide of the near post. Five minutes later, he had another great opportunity when he linked up well with Cockerline before finding himself in behind but this time his effort went just wide of the far post. Fine margins, as they say.

The Dabbers were throwing everything at their high-flying visitors and came close again in the 89th minute but Troy Bourne couldn't get any power behind his header and it was comfortable for Dan Atherton who continued to frustrate Nantwich Town.

In the end, The Dabbers huffed and puffed but couldn't find a goal to earn them a valuable point in their road to survival. However, Carden was very pleased with his side's efforts over the course of the game. "we didn't have a bad player today, if you've got 7/8 players performing on the day, you usually get something out the game and today it was the freekick that made the difference. We've gone toe-to-toe with them and we weren't out-ran, we weren't outplayed, we weren't outfought. So that's the standard from now for the last eight games"

Next up for Nantwich Town is another crucial home fixture against Lancaster City on Saturday 11th March

LANCASTER CITY - HISTORY

The Club was born out of meetings at the Market Hall Tea Rooms, Lancaster on 9th May 1911 and 7th July 1911. There had been a lot of local support for having another representative side in the Lancashire Combination since the demise of the previous Lancaster FC in 1910, the main driving force being Mr John McGregor. The Club's application to join the Lancashire Combination was accepted at a Combination meeting on 1st June 1911 and they were notified that they would be one of 16 teams playing in the Second Division of the Combination in 1911-12.

A steady improvement over the following three seasons saw the Club finish in second place in 1914-15, the final season before the Great War, and in that same season record a club record in the FA Cup when defeating Appleby 17-2.

There was no further competitive football until 1919 but on the resumption Lancaster finished second in 1919-20 season and fifth the following season in the Lancashire Combination, there now only being one Division. It was at this point that the club's ambitions suffered a massive setback when they were refused admission to the new Third Division (North) of the Football League, had the club entered the league their standing today may have been very different. Town did take advantage of the absence of the clubs who had been elected to the league by winning the Lancashire Combination for the first time in 1921-22, and then again in 1929-30. The club also had a great FA Cup run in 1921-22 that saw the Blues knock out Third Division clubs Stockport and Barrow.

In the 1930's, Town won two more Combination titles and managed to attract regular crowds of around 3,000, equal to many league clubs at that time and during the next decade the club had more successes as it added back-to-back Championships in 1934-35 and 1935-36 and won the Lancashire Challenge Trophy in 1930-31 and 1933-34. The town of Lancaster was given its City Charter in 1937, one of the cities to be granted the charter as part of King George VI's coronation celebrations and the club was appropriately renamed Lancaster City, but this new status never brought any luck with it as City have failed to win the League title since.

After the Second World War ended in 1945, City enjoyed some tremendous support with gates reaching 4,500 but failed to build on it although they did reach the FA Cup 2nd round in 1946-47 and were Combination Runners-Up and Lancashire Junior Cup Winners in 1951-52.

Since the 1960s Non-League football has always been in something of a state of flux, new leagues and divisions being created on a fairly regular basis. This restructuring saw City playing teams from a much wider geographical area than previously due to their presence from 1970-71 in the Northern Premier League. In 1972-73 City reached the FA Cup 2nd Round Proper but lost out by the odd goal against Notts County. In 1976-77 City achieved their highest Northern Premier League finish of seventh and in 1979-80 City were the League Challenge Cup runners-up when losing 2-0 to Runcorn at Manchester City's Maine Road Stadium.

LANCASTER CITY - HISTORY

In 1982 the Clubs fortunes nose-dived when City, finishing in 17th position (three places above their local rivals Morecambe) asked to drop down to the North West Counties League for the following season due to financial difficulties. There ensued five seasons in the North West Counties League, the final two in Division 2 after being relegated in 1984-85. The formation of the Northern Premier League First Division in 1987 propelled the club back to a higher level as founder members but success eluded City until 1994-95 when the club won the President's League Cup, a feat they duplicated the following season. The comeback was completed by also winning promotion in 1995-96 and thus doing the 'double' in what was now the Unibond League and during the same period the club opened its new social club, the Dolly Blue Tavern. Now in the Unibond Premier League City consolidated a mid-table position and completed the decade with a sixth position in the League and victory in the NPL Challenge Cup against Workson Town.

The new decade started where the last one finished, regaining the NPL Challenge Cup and recording our highest League position so far of fourth and this feat was bettered in 2001-02 when a third spot was achieved. In 2003-04 the Club once again reached the first round proper of the FA Cup, losing out by the only goal of the game at Milton Keynes and at the end of that season City were among 15 clubs from the Premier Division admitted to the newly formed Nationwide Football Conference North Division.

By the 2006-07 season the club was once again in financial difficulties and a shareholders committee was formed to run the affairs of the club. In order to survive it was decided to put the Club into Administration and although the Club finished bottom of the League with only one point, anyone who followed the Club at this difficult time would know how much the present set up owes to all involved, both on and off the pitch, in keeping the Club going.

The Club reformed as Lancaster City FC Ltd and continued in the 2007-08 season after dropping two levels to the Unibond League First Division North where they finished in mid-table. The following year the Dolly Blues improved and were just three points short of that fifth and final play-off position and in 2009-10 a further improvement was made, in what was to be the last season of a 17 year Unibond League Sponsorship, with a second place finish that saw the Club in the play-offs. Having reached the play-off Final against Colwyn Bay, who had finished 21 points behind them in the League, City had the heartbreak of being beaten by the only goal of the game, a penalty 2 minutes from the end. The Club did win a Trophy with the League Fair Play Award but that was a scant reward for their efforts.

In 2010-11 City ended in 8th place but did win the President's Cup, defeating four sides from the top five, and retained the League Fair Play Award as well as winning the prestigious FA National Fair Play and Respect Award, representing clubs from Tiers 1 to 4.

LANCASTER CITY - HISTORY

The club retained the League's Fair Play award in 2011-12 but finished 3 points off the play offs and whilst the play-offs were tantalisingly close in Darren Peacock's first season as manager in 2013-14, failing on goal difference, the addition of ex-England player Trevor Sinclair as coach didn't achieve the success the Club so desperately craved and the managerial roundabout now sees Phil Brown, an old Club stalwart, in charge and in the process of a re-building programme.

A sign of things to come was the Club's tremendous effort in holding Chorley to a draw in the 2015-16 LFA Challenge Trophy Final at Bolton, eventually losing 3-1 on penalties and the new management team used this as a springboard for the 2016-17 season which saw further success with an Evo-Stik Division 1 North league title and automatic promotion to the Premier Division. In addition the club also regained the League's Fair Play award again after a break of two years, thus winning it for the fifth time in the last eight years. After gaining promotion to the Premier League the plan to consolidate in the Division for the 2017-18 finishing 17th assured we did just that, also for the second year running the "Dolly Blues" picked up The Presidents Trophy for Fair Play gaining the Highest points across all three Divisions

2018-19 Season didn't get off to a good start for the "Dolly Blues" seeing us at the foot of the table early on and saw Phil Browns resignation, the search for a new Manager began, in the interim Craig Stanley and Matty Blinkhorn took control and gained our first points of the season, The Clubs thanks go to Craig and Matty for there contributions at a difficult time for City, October saw the appointment of Mark Fell as Manager and things started to change for the better, the team went on to finish 12th in the Premier Division and although Lancaster City didn't win the Presidents Trophy for the third consecutive season we did win the Premier Divisions Fair Play award.

What can be said about the season that never was, as we all know Covid 19 ended the season on March 14th 2020 with the "Dolly Blues" finishing in a play off position after a good season and who knows what would have happened is all speculation.

With the 2019-20 and 2020-21 season being declared Null and Void and curtailed there was not much to write about for the seasons that did not happen so we look forward to the new 2021-22 season with bated breath, Mark Fell and his backroom staff have worked hard over the pre season on strengthening the Squad, and before the new season started we already have some silverware for the cabinet picking up the Lockstep Trophy and the long awaited (46 years in fact) Lancashire FA Trophy played at Leyland we now look forward to the 2021-22 season and beyond.

LANCASTER CITY - HISTORY

Its August 2021 and Lancaster City manager Mark Fell has been at the club three years but without a full Giant Axe campaign behind him. After arriving in October 2018 and conducting a marine salvage that year, we sat in 5th place when the world stopped in March 2020. Two points in three games and an FA Cup exit at the hands of Skelmersdale Community Centre wasn't a great start, but the future of football Jacob-Holland Wilkinson inspired a victory at Grantham and Kilifin equalised in a live-streamed draw at FC United. Convincing victory over Warrington Town before we crept into November and that was that. In amongst all the scandal of Whitty, Cummings, Johnson, Patel, Sunak and all the rest of them, the biggest administrative failure had been in South Ribble. Bamber Bridge had put nine past Prestwich Heys in the LFA semi-final in March 2020 but fielded an ineligible player, meaning that we would play Heys in the Lancashire Cup Final. They won to become Lancashire Champions 2020 but played in August 2021. A great day out but a weird one which didn't feel anything like a final.

The
Daniel Wilkinson
Foundation

*Providing Screening and Defibrillators to
prevent Sudden Cardiac Death in the young*

The Daniel Wilkinson Foundation is a charity set up in memory of Daniel Wilkinson who died in 2016 aged 24, while playing the game he loved, from an underlying heart condition called Arrhythmogenic Right Ventricular Cardiomyopathy (ARVC).

Dan played football from an early age and joined Hull City AFC when he was 10, earning a professional contract aged 18. Loughborough University followed where he completed a degree in Accounting and Financial Management while playing non-league football. He was an athlete who enjoyed the gym and took his health and nutrition very seriously. He lived life to the full and had so much ahead of him.

Other than feeling light-headed on a few occasions in the month before he died, he had no symptoms!

SUDDEN CARDIAC DEATH IN THE YOUNG (SCD)

- SCD is the leading cause of death in young athletes during sport and the majority of deaths occur with NO SYMPTOMS or family history.
- ARVC can be found in one in every 1,000 to 5,000 young adults - IF IT IS LOOKED FOR.
- Warning signs may include light-headedness, fainting, palpitations, swollen legs, breathlessness.
- Every week in the UK, 12 apparently fit and healthy young people (aged 35 and under) die from previously undiagnosed heart conditions.
- In Italy, where screening is mandatory for all young people engaged in organised sport, they have reduced the incidence of young sudden cardiac death by 89%.

OUR MISSION

The Daniel Wilkinson Foundation has been set up to raise awareness of SCD and to provide funding towards heart screening, defibrillators and CPR/defibrillator training primarily for grass-roots sporting teams.

Tragedies can be prevented through cardiac screening. It is vital that young people are identified and treated.
